

# Turmogrease ALN 1001/0

|           |                                                                                                                                                                                                                                                                                                     |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>en</b> | This safety data sheet file is issued for the following production lots:<br>1. Version 1.x/2.0 is valid for Turmogrease ALN 1001/0 with UFI NQ8V-DAFW-HT3S-P5Q9 (see label)<br>2. Version 3.0 is valid for Turmogrease ALN 1001/0 without UFI (see label)                                           |
| <b>de</b> | Diese Sicherheitsdatenblatt-Datei betrifft die folgenden Fertigungslose:<br>1. Version 1.x/2.0 ist gültig für Turmogrease ALN 1001/0 mit UFI NQ8V-DAFW-HT3S-P5Q9 (siehe Etikett)<br>2. Version 3.0 ist gültig für Turmogrease ALN 1001/0 ohne UFI (siehe Etikett)                                   |
| <b>nl</b> | Dit veiligheidsinformatiebladbestand wordt afgegeven voor de volgende productie-lots:<br>1. Versie 1.x/2.0 is geldig voor Turmogrease ALN 1001/0 met UFI NQ8V-DAFW-HT3S-P5Q9 (zie etiket)<br>2. Versie 3.0 is geldig voor Turmogrease ALN 1001/0 zonder UFI (zie etiket)                            |
| <b>fr</b> | Ce fichier de données de sécurité est délivré pour les lots de production suivants :<br>1. La version 1.x/2.0 est valide pour Turmogrease ALN 1001/0 avec UFI NQ8V-DAFW-HT3S-P5Q9 (voir étiquette)<br>2. La version 3.0 est valide pour Turmogrease ALN 1001/0 sans UFI (voir étiquette)            |
| <b>da</b> | Denne sikkerhedsdatabladsfil er udgivet for følgende produktions lots:<br>1. Version 1.x/2.0 er gældende for Turmogrease ALN 1001/0 med NQ8V-DAFW-HT3S-P5Q9 (se etiketten)<br>2. Version 3.0 er gældende for Turmogrease ALN 1001/0 uden UFI (se etiketten)                                         |
| <b>sv</b> | Denna säkerhetsdatabladsfil har utfärdats för följande tillverkningspartier:<br>1. Version 1.x/2.0 är giltig för Turmogrease ALN 1001/0 med UFI NQ8V-DAFW-HT3S-P5Q9 (se etikett)<br>2. Version 3.0 är giltig för Turmogrease ALN 1001/0 utan UFI (se etikett)                                       |
| <b>fi</b> | Tämä käyttöturvallisuustiedote koskee seuraavia tuotantoeriä:<br>1. Versio 1.x/2.0 koskee Turmogrease ALN 1001/0 -tuotetta, jonka UFI-koodi on NQ8V-DAFW-HT3S-P5Q9 (katso etiketti)<br>2. Versio 3.0 koskee Turmogrease ALN 1001/0 -tuotetta, jolla ei ole UFI-koodia (katso etiketti)              |
| <b>hu</b> | Ezt a biztonsági adatlapot a következő gyártási tételekhez bocsátják ki:<br>1. Az 1.x/2.0 verzió a Turmogrease ALN 1001/0 termékre érvényes, UFI kódja NQ8V-DAFW-HT3S-P5Q9 (lásd a címkét)<br>2. A 3.0 verzió a Turmogrease ALN 1001/0 termékre érvényes, UFI kód nélkül (lásd a címkét)            |
| <b>es</b> | Este archivo de hoja de datos de seguridad se emite para los siguientes lotes de producción:<br>1. Versión 1.x/2.0 válida para Turmogrease ALN 1001/0 con UFI NQ8V-DAFW-HT3S-P5Q9 (véase la etiqueta)<br>2. Versión 3.0 válida para Turmogrease ALN 1001/0 sin UFI (véase la etiqueta)              |
| <b>pt</b> | Este ficheiro com ficha de dados de segurança é emitido para os seguintes lotes de produção:<br>1. A versão 1.x/2.0 é válida para a Turmogrease ALN 1001/0 com UFI NQ8V-DAFW-HT3S-P5Q9 (ver rótulo)<br>2. A versão 3.0 é válida para a Turmogrease ALN 1001/0 sem UFI (ver rótulo)                  |
| <b>it</b> | Questo file della scheda tecnica di sicurezza è rilasciato per i seguenti lotti di produzione:<br>1. La versione 1.x/2.0 è valida per Turmogrease ALN 1001/0 con UFI NQ8V-DAFW-HT3S-P5Q9 (vedere etichetta)<br>2. La versione 3.0 è valida per Turmogrease ALN 1001/0 senza UFI (vedere etichetta)  |
| <b>pl</b> | Ten plik arkusza danych bezpieczeństwa jest wydany dla następujących części produkcyjnych:<br>1. Wersja 1.x/2.0 dotyczy produktu Turmogrease ALN 1001/0 z numerem UFI NQ8V-DAFW-HT3S-P5Q9 (patrz etykieta)<br>2. Wersja 3.0 dotyczy produktu Turmogrease ALN 1001/0 bez numeru UFI (patrz etykieta) |
| <b>ru</b> | Этот файл сертификата безопасности предоставлен для следующих партий продукции:<br>1. версия 1.x/2.0 действительна для Turmogrease ALN 1001/0 с UFI NQ8V-DAFW-HT3S-P5Q9 (см. этикетку)<br>2. версия 3.0 действительна для Turmogrease ALN 1001/0 без UFI (см. этикетку)                             |
| <b>el</b> | Το παρόν δελτίο δεδομένων ασφαλείας εκδίδεται για τις ακόλουθες παρτίδες παραγωγής:<br>1. Η έκδοση 1.x/2.0 ισχύει για το Turmogrease ALN 1001/0 με UFI NQ8V-DAFW-HT3S-P5Q9 (βλ. ετικέτα)<br>2. Η έκδοση 3.0 ισχύει για το Turmogrease ALN 1001/0 χωρίς UFI (βλ. ετικέτα)                            |
| <b>cs</b> | Tento bezpečnostní list je vydán pro následující výrobní šarže:<br>1. Verze 1.x/2.0 platí pro Turmogrease ALN 1001/0 s UFI NQ8V-DAFW-HT3S-P5Q9 (viz štítek)<br>2. Verze 3.0 platí pro Turmogrease ALN 1001/0 bez UFI (viz štítek)                                                                   |
| <b>bg</b> | Този информационен лист за безопасност се публикува за следните производствени партии:<br>1. Версия 1.x/2.0 е валидна за Turmogrease ALN 1001/0 с UFI NQ8V-DAFW-HT3S-P5Q9 (виж етикета)<br>2. Версия 3.0 е валидна за Turmogrease ALN 1001/0 без UFI (виж етикета)                                  |
| <b>lv</b> | Šo drošības datu lapa ir izsniegta šādām ražojumu partijām:<br>1. Versija 1.x/2.0 ir spēkā Turmogrease ALN 1001/0 ar UFI NQ8V-DAFW-HT3S-P5Q9 (skatīt etiķeti)<br>2. Versija 3.0 ir spēkā Turmogrease ALN 1001/0 bez UFI (skatīt etiķeti)                                                            |
| <b>lt</b> | Šis saugos duomenų lapo failas išduodamas šioms gamybos partijoms:<br>1. Versija 1.x/2.0 galioja „Turmogrease ALN 1001/0“ su UFI NQ8V-DAFW-HT3S-P5Q9 (žr. etiketę).<br>2. Versija 3.0 galioja „Turmogrease ALN 1001/0“ be UFI (žr. etiketę)                                                         |
| <b>sk</b> | Tento súbor bezpečnostných údajov sa vydáva pre tieto výrobné šarže:<br>1. Verzia 1.x/2.0 platí pre Turmogrease ALN 1001/0 s UFI NQ8V-DAFW-HT3S-P5Q9 (pozri etiketu)<br>2. Verzia 3.0 platí pre Turmogrease ALN 1001/0 bez UFI (pozri etiketu)                                                      |
| <b>sl</b> | Datoteka z varnostnim listom je izdana za naslednje proizvodne serije:<br>1. Različica 1.x/2.0 velja za Turmogrease ALN 1001/0 z UFI NQ8V-DAFW-HT3S-P5Q9 (glej etiketo)<br>2. Različica 3.0 velja za Turmogrease ALN 1001/0 brez UFI (glej etiketo)                                                 |
| <b>et</b> | See ohutuskardi fail on välja antud järgmistele tootepartidele:<br>1. Versioon 1.x/2.0 kehtib Turmogrease ALN 1001/0 tootele, mille UFI on NQ8V-DAFW-HT3S-P5Q9 (vt etiketti).<br>2. Versioon 3.0 kehtib Turmogrease ALN 1001/0 kohta ilma UFI-koodita (vt etikett)                                  |

# Turmogrease ALN 1001/0

|    |                                                                                                                                                                                                                                                                                                                  |

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 4, 2011)

Issue date: 16/12/2022

Revision date: 16/12/2022

:

Version: 1.0

### SECTION 1: Identification

#### 1.1. GHS Product identifier

|              |                        |
|--------------|------------------------|
| Product form | Mixture                |
| Product name | Turmogrease ALN 1001/0 |
| Product code | ETA Lubricants         |

#### 1.2. Other means of identification

No additional information available

#### 1.3. Recommended use of the chemical and restrictions on use

|                              |                                          |
|------------------------------|------------------------------------------|
| Use of the substance/mixture | For professional use only                |
| Recommended use              | Lubricants, Greases and Release Products |

#### 1.4. Supplier's details

##### Supplier

Hilti India Private Limited  
F-90/4, Okhla Industrial Area Phase 1  
IN- 110 020 New Delhi  
India  
T +9111 4270 1111 - F +91 405 23318

##### Department issuing data specification sheet

Hilti Entwicklungsgesellschaft mbH  
Hiltistraße 6  
DE- 86916 Kaufering  
Deutschland

[anchor.hse@hilti.com](mailto:anchor.hse@hilti.com)

#### 1.5. Emergency phone number

|                  |                                                                                                                                             |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Emergency number | Schweizerisches Toxikologisches Informationszentrum – 24h Service<br>+41 44 251 51 51 (international)<br>+9111 4064 6500<br>+9111 4270 1122 |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazard identification

#### 2.1. Classification of the substance or mixture

##### Classification according to the United Nations GHS

|                                                                         |      |                    |
|-------------------------------------------------------------------------|------|--------------------|
| Reproductive toxicity, Additional category, Effects on or via lactation | H362 | Calculation method |
| Hazardous to the aquatic environment – Chronic Hazard, Category 3       | H412 |                    |

## SECTION 4: First-aid measures

### 4.1. Description of necessary first-aid measures

|                                       |                                                                                                                                                                              |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | In all cases of doubt, or when symptoms persist, seek medical attention.                                                                                                     |
| First-aid measures after inhalation   | Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a poison center or a doctor.                                       |
| First-aid measures after skin contact | After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water. If skin irritation occurs: Get medical advice/attention. |
| First-aid measures after eye contact  | Rinse cautiously with water for several minutes. If eye irritation persists: Get medical advice/attention.                                                                   |
| First-aid measures after ingestion    | If you feel unwell, seek medical advice. Rinse mouth out with water. Drink plenty of water.                                                                                  |

### 4.2. Most important symptoms/effects, acute and delayed

|                  |                           |
|------------------|---------------------------|
| Symptoms/effects | No information available. |
|------------------|---------------------------|

### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

No additional information available.

## SECTION 5: Fire-fighting measures

### 5.1. Suitable extinguishing media

|                                |                                                           |
|--------------------------------|-----------------------------------------------------------|
| Suitable extinguishing media   | Carbon dioxide. Sand. Dry powder. Foam.                   |
| Unsuitable extinguishing media | Water. Strong water jet. Do not use a heavy water stream. |

### 5.2. Specific hazards arising from the chemical

|                                                  |                                  |
|--------------------------------------------------|----------------------------------|
| Hazardous decomposition products in case of fire | Carbon dioxide. Carbon monoxide. |
|--------------------------------------------------|----------------------------------|

### 5.3. Special protective actions for fire-fighters

|                                |                                                                  |
|--------------------------------|------------------------------------------------------------------|
| Protection during firefighting | [In case of inadequate ventilation] wear respiratory protection. |
|--------------------------------|------------------------------------------------------------------|

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 4, 2011)

|                   |                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------|
| Other information | Do not dispose of fire-fighting water in the environment. Do not allow product to spread into the environment. |
|-------------------|----------------------------------------------------------------------------------------------------------------|

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures Spilled material may present a slipping hazard.

##### 6.1.1. For non-emergency personnel

Protective equipment No information available.

##### 6.1.2. For emergency responders

Protective equipment For further information refer to section 8: "Exposure controls/personal protection".

#### 6.2. Environmental precautions

Avoid release to the environment. Do not allow to enter drains or water courses. Prevent liquid from entering sewers, watercourses, underground or low areas.

#### 6.3. Methods and materials for containment and cleaning up

Methods for cleaning up Take up mechanically (sweeping, shovelling) and collect in suitable container for disposal. Absorb the liquid with an inert binder. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling Avoid contact during pregnancy/while nursing. Do not eat, drink or smoke when using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

Hygiene measures Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions Avoid direct sunlight, high temperature, high humidity.  
Store in a cool place (temperature: -20 °C ~ 40 °C, humidity: 45 - 85%).

Storage area Protect from humidity and water.

Special rules on packaging Keep only in original container. Store in a closed container.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Appropriate engineering controls

Environmental exposure controls Do not eat and do not drink during use. Do not allow product to spread into the environment.

Consumer exposure controls Avoid contact during pregnancy/while nursing.

#### 8.3. Individual protection measures, such as personal protective equipment (PPE)

Materials for protective clothing Butyl-rubber protective gloves. Nitrile rubber

Eye protection EN 166

Skin and body protection Wear suitable gloves

Personal protective equipment symbol(s)

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 4, 2011)

### 8.4. Exposure limit values for the other components

No additional information available

## SECTION 9: Physical and chemical properties

### 9.1. Basic physical and chemical properties

|                                                 |                        |
|-------------------------------------------------|------------------------|

| Particle size                                   | Not applicable         |

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

Strong acids. Strong bases.

### 10.4. Conditions to avoid

No information available.

### 10.5. Incompatible materials

Strong oxidizing agents.

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 4, 2011)

### 10.6. Hazardous decomposition products

Carbon dioxide. Carbon monoxide. Toxic gases.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

## SECTION 12: Ecological information

### 12.1. Toxicity

|                                                           |                                                    |
|-----------------------------------------------------------|----------------------------------------------------|
| Hazardous to the aquatic environment, short-term (acute)  | Not classified                                     |
| Hazardous to the aquatic environment, long-term (chronic) | Harmful to aquatic life with long lasting effects. |

| Alkanes, C14-17, chloro (MCCP) (85535-85-9)                                  |                                                                                                                                                    |
|------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| LC50 - Fish [1]                                                              | > 5000 mg/l (Equivalent or similar to OECD 203, 96 h, Alburnus alburnus, Static system, Brackish water, Experimental value, Nominal concentration) |
| EC50 - Crustacea [1]                                                         | 0.0059 mg/l                                                                                                                                        |
| ErC50 algae                                                                  | > 3.2 mg/l (OECD 201: Alga, Growth Inhibition Test, 72 h, Pseudokirchneriella subcapitata, Static system, Fresh water, Experimental value, GLP)    |
| NOEC chronic crustacea                                                       | 0.0087 mg/l                                                                                                                                        |
| Amines, C11-14-branched alkyl, monohexyl and dihexyl phosphates (80939-62-4) |                                                                                                                                                    |
| LC50 - Fish [1]                                                              | 5.5 mg/l                                                                                                                                           |

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 4, 2011)

| Amines, C11-14-branched alkyl, monohexyl and dihexyl phosphates (80939-62-4) |           |
|------------------------------------------------------------------------------|-----------|
| EC50 72h - Algae [1]                                                         | > 10 mg/l |

### 12.2. Persistence and degradability

| Turmogrease ALN 1001/0                      |                                                                            |
|---------------------------------------------|----------------------------------------------------------------------------|
| Persistence and degradability               | Not rapidly degradable.                                                    |
| Alkanes, C14-17, chloro (MCCP) (85535-85-9) |                                                                            |
| Not rapidly degradable                      |                                                                            |
| Persistence and degradability               | Not readily biodegradable in the soil. Not readily biodegradable in water. |

### 12.3. Bioaccumulative potential

| Turmogrease ALN 1001/0                          |                                                                                                                                                                           |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bioaccumulative potential                       | No additional information available.                                                                                                                                      |
| Alkanes, C14-17, chloro (MCCP) (85535-85-9)     |                                                                                                                                                                           |
| BCF - Fish [1]                                  | 6660 – 9140 l/kg (OECD 305: Bioconcentration: Flow-Through Fish Test, 35 day(s), Oncorhynchus mykiss, Flow-through system, Fresh water, Experimental value, Fresh weight) |
| Partition coefficient n-octanol/water (Log Kow) | 4.7 – 8.3 (Experimental value, Equivalent or similar to OECD 117)                                                                                                         |
| Bioaccumulative potential                       | High potential for bioaccumulation (BCF > 5000).                                                                                                                          |

### 12.4. Mobility in soil

| Turmogrease ALN 1001/0                                     |                                       |
|------------------------------------------------------------|---------------------------------------|
| Mobility in soil                                           | No additional information available   |
| Additional information                                     | No information available              |
| Alkanes, C14-17, chloro (MCCP) (85535-85-9)                |                                       |
| Organic Carbon Normalized Adsorption Coefficient (Log Koc) | 5 – 5.2 (log Koc, Experimental value) |
| Ecology - soil                                             | Low potential for mobility in soil.   |

### 12.5. Other adverse effects

|                       |                                     |
|-----------------------|-------------------------------------|
| Ozone                 | Not classified                      |
| Other adverse effects | No additional information available |

## SECTION 13: Disposal considerations

### 13.1. Disposal methods

|                              |                                                                         |
|------------------------------|-------------------------------------------------------------------------|
| Regional legislation (waste) | Disposal must be done according to official regulations.                |
| Waste treatment methods      | Dispose in a safe manner in accordance with local/national regulations. |

## SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / RID /

| ADR                          | IMDG           | IATA           | RID            |
|------------------------------|----------------|----------------|----------------|
| 14.1. UN number or ID number |                |                |                |
| Not applicable               | Not applicable | Not applicable | Not applicable |

### 14.6. Special precautions for user

#### Overland transport

Not applicable

#### Transport by sea

Not applicable

#### Air transport

Not applicable

#### Rail transport

Not applicable

### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations specific for the product in question

Regulatory reference

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

### SECTION 1: Identification

#### 1.1. GHS Product identifier

|              |                        |
|--------------|------------------------|
| Product form | Mixture                |
| Trade name   | Turmogrease ALN 1001/0 |
| Product code | BU ET&A                |

#### 1.2. Other means of identification

No additional information available

#### 1.3. Recommended use of the chemical and restrictions on use

|                              |                                     |
|------------------------------|-------------------------------------|
| Use of the substance/mixture | Lubricants, greases, release agents |
| Restrictions on use          | For professional use only           |

#### 1.4. Supplier's details

### SECTION 4: First-aid measures

#### 4.1. Description of necessary first-aid measures

|                                       |                                                                                                                                              |
|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | In all cases of doubt, or when symptoms persist, seek medical attention.                                                                     |
| First-aid measures after inhalation   | Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a poison center or a doctor.       |
| First-aid measures after skin contact | Take off immediately all contaminated clothing. Wash skin with mild soap and water. If skin irritation occurs: Get medical advice/attention. |
| First-aid measures after eye contact  | Rinse cautiously with water for several minutes. If eye irritation persists: Get medical advice/attention.                                   |
| First-aid measures after ingestion    | Rinse mouth out with water. Drink plenty of water. If you feel unwell, seek medical advice.                                                  |

#### 4.2. Most important symptoms/effects, acute and delayed

|                  |                           |
|------------------|---------------------------|
| Symptoms/effects | No information available. |
|------------------|---------------------------|

#### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

No additional information available.

### SECTION 5: Fire-fighting measures

#### 5.1. Suitable extinguishing media

|                                |                                                           |
|--------------------------------|-----------------------------------------------------------|
| Suitable extinguishing media   | Dry powder. Carbon dioxide. ABC-powder. Foam. Sand.       |
| Unsuitable extinguishing media | Water. Strong water jet. Do not use a heavy water stream. |

#### 5.2. Specific hazards arising from the chemical

|                                                  |                                  |
|--------------------------------------------------|----------------------------------|
| Hazardous decomposition products in case of fire | Carbon dioxide. Carbon monoxide. |
|--------------------------------------------------|----------------------------------|

#### 5.3. Special protective actions for fire-fighters

|                                |                                                                                                                                                     |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection. |
| Protection during firefighting | Use a self-contained breathing apparatus and also a protective suit.                                                                                |
| Other information              | Do not allow run-off from fire fighting to enter drains or water courses.                                                                           |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |                                                 |
|------------------|-------------------------------------------------|
| General measures | Spilled material may present a slipping hazard. |
|------------------|-------------------------------------------------|

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

### 6.1.1. For non-emergency personnel

|                      |                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------|
| Protective equipment | No information available.                                                                     |
| Emergency procedures | Ventilate spillage area. Evacuate unnecessary personnel. Do not breathe vapours, spray, mist. |

### 6.1.2. For emergency responders

|                      |                                                                                                                                                           |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Protective equipment | Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". |
| Emergency procedures | Ventilate area. Evacuate unnecessary personnel.                                                                                                           |

### 6.2. Environmental precautions

Avoid release to the environment. Do not allow to enter drains or water courses. Notify authorities if product enters sewers or public waters.

### 6.3. Methods and materials for containment and cleaning up

|                         |                                                                                                                                                          |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| For containment         | Using a clean shovel, put the material in a dry container and cover without compressing it.                                                              |
| Methods for cleaning up | Take up mechanically (sweeping, shovelling) and collect in suitable container for disposal. Absorb spillage with: Diatomaceous earth. universal binders. |
| Other information       | Dispose of materials or solid residues at an authorized site.                                                                                            |

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                               |                                                                                                                                                                                                                                                                                     |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling | Ensure good ventilation of the work station. Avoid breathing vapours, spray, mist. Avoid contact with skin and eyes. Avoid contact during pregnancy/while nursing. Wear personal protective equipment. Do not eat, drink or smoke when using this product.                          |
| Hygiene measures              | Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Always wash hands after handling the product. |

### 7.2. Conditions for safe storage, including any incompatibilities

|                            |                                                                                                                             |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Technical measures         | Keep in a cool, well-ventilated place away from heat.                                                                       |
| Storage conditions         | Keep container tightly closed in a cool place. Keep away from heat and direct sunlight. Avoid contact with : air or oxygen. |
| Storage area               | Protect from humidity and water.                                                                                            |
| Special rules on packaging | Keep only in original container. Store in a closed container.                                                               |

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No additional information available

### 8.2. Appropriate engineering controls

|                                  |                                                                                                                                |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | Ensure good ventilation of the work station.                                                                                   |
| Environmental exposure controls  | Do not eat and do not drink during use. Do not allow product to spread into the environment. Avoid release to the environment. |
| Consumer exposure controls       | Avoid contact during pregnancy/while nursing.                                                                                  |

### 8.3. Individual protection measures, such as personal protective equipment (PPE)

#### Personal protective equipment:

|                                   |                                                |
|-----------------------------------|------------------------------------------------|
| Safety glasses. Gloves.           |                                                |
| Materials for protective clothing | Butyl-rubber protective gloves. Nitrile rubber |
| Hand protection                   | Protective gloves                              |
| Eye protection                    | Safety glasses                                 |

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

Skin and body protection

Wear suitable gloves

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment

**Personal protective equipment symbol(s)**

### 8.4. Exposure limit values for the other components

No additional information available

## SECTION 9: Physical and chemical properties

### 9.1. Basic physical and chemical properties

|                                                 |                   |
|-------------------------------------------------|-------------------|
| Physical state                                  | Solid             |
| Appearance                                      | Pasty             |
| Colour                                          | Beige.            |
| Odour                                           | Not available     |
| Odour threshold                                 | Not available     |
| Melting point                                   | Not available     |
| Freezing point                                  | Not available     |
| Boiling point                                   | > 300 °C          |
| Flammability                                    | Not available     |
| Lower explosion limit                           | Not applicable    |
| Upper explosion limit                           | Not applicable    |
| Flash point                                     | > 200 °C          |
| Auto-ignition temperature                       | Not applicable    |
| Decomposition temperature                       | > 200 °C          |
| pH                                              | Not available     |
| pH solution                                     | Not available     |
| Viscosity, kinematic (calculated value) (40 °C) | Not applicable    |
| Partition coefficient n-octanol/water (Log Kow) | Not available     |
| Vapour pressure                                 | < 0.1 hPa (50 °C) |
| Vapour pressure at 50°C                         | Not available     |
| Density                                         | 0.86 g/cm³        |
| Relative density                                | Not available     |
| Relative vapour density at 20°C                 | Not applicable    |
| Solubility                                      | Not available     |
| Particle size                                   | Not available     |

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

Strong acids. Strong bases.

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

### 10.4. Conditions to avoid

No information available.

### 10.5. Incompatible materials

Strong oxidizing agents.

### 10.6. Hazardous decomposition products

Carbon dioxide. Carbon monoxide. Toxic gases. Toxic vapours.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                             |                |
|-----------------------------|----------------|
| Acute toxicity (oral)       | Not classified |
| Acute toxicity (dermal)     | Not classified |
| Acute toxicity (inhalation) | Not classified |

| Turmogrease ALN 1001/0                                           |                           |
|------------------------------------------------------------------|---------------------------|
| LD50 oral rat                                                    | > 2000 mg/kg              |
| LD50 dermal rabbit                                               | > 2000 mg/kg              |
| Zinc bis[O,O-bis(2-ethylhexyl)] bis(dithiophosphate) (4259-15-8) |                           |
| LD50 oral rat                                                    | 3100 mg/kg                |
| LD50 dermal rabbit                                               | > 5000 mg/kg              |
| Skin corrosion/irritation                                        | Not classified            |
| Serious eye damage/irritation                                    | Not classified            |
| Respiratory or skin sensitization                                | Not classified            |
| Germ cell mutagenicity                                           | Not classified            |
| Carcinogenicity                                                  | Not classified            |
| Reproductive toxicity                                            | Not classified            |
| STOT-single exposure                                             | Not classified            |
| STOT-repeated exposure                                           | Not classified            |
| Aspiration hazard                                                | Not classified            |
| Other information                                                | No information available. |

## SECTION 12: Ecological information

### 12.1. Toxicity

|                                                           |                                                                                                                       |
|-----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Ecology - general                                         | The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment. |
| Hazardous to the aquatic environment, short-term (acute)  | Not classified                                                                                                        |
| Hazardous to the aquatic environment, long-term (chronic) | Not classified                                                                                                        |

### 12.2. Persistence and degradability

| Turmogrease ALN 1001/0                                           |                                      |
|------------------------------------------------------------------|--------------------------------------|
| Persistence and degradability                                    | No additional information available. |
| Zinc bis[O,O-bis(2-ethylhexyl)] bis(dithiophosphate) (4259-15-8) |                                      |
| Persistence and degradability                                    | Rapidly degradable                   |

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

### 12.3. Bioaccumulative potential

| Turmogrease ALN 1001/0    |                                      |
|---------------------------|--------------------------------------|
| Bioaccumulative potential | No additional information available. |

### 12.4. Mobility in soil

| Turmogrease ALN 1001/0 |                                     |
|------------------------|-------------------------------------|
| Mobility in soil       | No additional information available |
| Additional information | No information available            |

### 12.5. Other adverse effects

|                       |                                     |
|-----------------------|-------------------------------------|
| Ozone                 | Not classified                      |
| Other adverse effects | No additional information available |

## SECTION 13: Disposal considerations

### 13.1. Disposal methods

|                                            |                                                                                                                                                                     |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional waste regulation                  | Disposal must be done according to official regulations.                                                                                                            |
| Waste treatment methods                    | Dispose in a safe manner in accordance with local/national regulations. Dispose of contents/container in accordance with licensed collector's sorting instructions. |
| Sewage disposal recommendations            | Disposal must be done according to official regulations.                                                                                                            |
| Product/Packaging disposal recommendations | Comply with applicable regulations for solid waste disposal. Disposal must be done according to official regulations.                                               |
| Additional information                     | Do not re-use empty containers.                                                                                                                                     |

## SECTION 14: Transport information

In accordance with ADR / IMDG / IATA / RID /

| ADR                                    | IMDG          | IATA          | RID           |
|----------------------------------------|---------------|---------------|---------------|
| 14.1. UN number or ID number           |               |               |               |
| Not regulated                          | Not regulated | Not regulated | Not regulated |
| 14.2. UN proper shipping name          |               |               |               |
| Not regulated                          | Not regulated | Not regulated | Not regulated |
| 14.3. Transport hazard class(es)       |               |               |               |
| Not regulated                          | Not regulated | Not regulated | Not regulated |
| 14.4. Packing group                    |               |               |               |
| Not regulated                          | Not regulated | Not regulated | Not regulated |
| 14.5. Environmental hazards            |               |               |               |
| Not regulated                          | Not regulated | Not regulated | Not regulated |
| No supplementary information available |               |               |               |

### 14.6. Special precautions for user

**Overland transport**  
Not regulated

**Transport by sea**  
Not regulated

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

### Air transport

Not regulated

### Rail transport

Not regulated

### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations specific for the product in question

No additional information available

## SECTION 16: Other information

Issue date 28-07-2025  
Revision date 28-07-2025  
Supersedes 16-12-2022

| Section | Changed item                           | Comments |
|---------|----------------------------------------|----------|
| 2.1     | Classification (GHS UN)                | Modified |
| 2.2     | Hazard statements (GHS UN)             | Removed  |
| 2.2     | Precautionary statements (GHS UN)      | Removed  |
| 3       | Composition/information on ingredients | Modified |

### Abbreviations and acronyms

ACGIH - American Conference of Government Industrial Hygienists  
ADN - European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways  
ADR - European Agreement concerning the International Carriage of Dangerous Goods by Road  
ATE - Acute Toxicity Estimate  
BCF - Bioconcentration factor  
BLV - Biological limit value  
BOD - Biochemical oxygen demand (BOD)  
CAS-No. - Chemical Abstract Service number  
CLP - Classification Labelling Packaging Regulation; Regulation (EC) No 1272/2008  
COD - Chemical oxygen demand (COD)  
CSA - Chemical safety assessment  
DMEL - Derived Minimal Effect level  
DNEL - Derived-No Effect Level  
EC-No. - European Community number  
EC50 - Median effective concentration  
ED - Endocrine disruptor  
EN - European Standard  
EWC - European waste catalogue  
IARC - International Agency for Research on Cancer  
IATA - International Air Transport Association  
IMDG - International Maritime Dangerous Goods  
LC50 - Median lethal concentration  
LD50 - Median lethal dose  
LOAEL - Lowest Observed Adverse Effect Level

# Turmogrease ALN 1001/0

## Safety Data Sheet

according to the United Nations GHS (Rev. 10, 2023)

Log Kow - Partition coefficient n-octanol/water (Log Kow)  
Log Pow - Partition coefficient n-octanol/water (Log Pow)  
MAK - maximum workplace concentration  
NOAEC - No-Observed Adverse Effect Concentration  
NOAEL - No-Observed Adverse Effect Level  
NOEC - No-Observed Effect Concentration  
N.O.S. - Not Otherwise Specified  
OECD - Organisation for Economic Co-operation and Development  
OEL - Occupational Exposure Limit  
OSHA - Occupational Safety Health Administration  
PBT - Persistent Bioaccumulative Toxic  
PNEC - Predicted No-Effect Concentration  
PPE - Personal protection equipment  
RID - Regulations concerning the International Carriage of Dangerous Goods by Rail  
SDS - Safety Data Sheet  
STP - Sewage treatment plant  
TF - Technical function  
ThOD - Theoretical oxygen demand (ThOD)  
TLM - Median Tolerance Limit  
TWA - Time Weighted Average  
VOC - Volatile Organic Compounds  
vPvB - Very Persistent and Very Bioaccumulative  
UFI - Unique Formula Identifier
